FURNITURE GUIDE

WELCOME TO CENTREPIECE AT MELBOURNE PARK

CENTREPIECE at Melbourne Park has been shaped by its local manufacture and design partners, in keeping with the venue's Victorian-first approach.

Some of the local partners that we've worked with to bring you bespoke furniture for your event are:

IHS Global Alliance is recognised as one of the world leaders in hospitality who specialise in creating designer equipment for hotels and venues.

Stylecraft has provided furniture of original, contemporary design for over 65 years. Represented in six showrooms around Australia. Stylecraft's product offering is suitable for commercial, educational, hospitality and residential spaces, exclusively representing both international and Australian-designed and manufactured furniture.

It is our aim to ensure that everything you need for your event can be accommodated in-house by our venue team. This is reflected by our vast range of in-house furniture and flexible venue configurations.

The following guide illustrates our extensive range, approximate quantities and primary function where applicable. To confirm the use of any of our items, please liaise directly with your Event Planning Executive.
